

Kajsa Tunius

Passionate UX designer with a focus on sustainability. I aim to work for a company that aligns with my values and where I can contribute to a positive impact.

Experience

2024 Jan - present

Mimbly - UX-design intern

As the sole designer at Mimbly, I serve as the bridge between the platform, the company, and the user. This encompasses time management, design strategy, planning, UX research, and UI design.

2022 Jan- present

Let's Talk About UX - Co Organiser

We are building a UX community in Gothenburg. I am involved in planning and executing events as well as developing the organization. I'm the social media manager and have so far increase our followers by over 700%.

2023 Aug - 2023 Oct

Stratsys - UX-design intern

I created a conceptual design for an AI-powered SaaS platform in order to reduce corporate carbon footprints, in line with regulatory requirements. I used UX research tools (competitive analysis etc.) to maximize value for both customers and Stratsys.

2022 Jan - 2022 Jun

Deedster - Content writer intern

Deedster is a tech startup for digital sustainability solutions aim at B2B. I designed the content for the app, using user-centered questions and CO2e research.

2021 Jun - 2022 Jan

Sustainergies Academy - Project Manager

I led workshops on sustainability challenges in collaboration with various companies. The role Included marketing (we had most applicants ever), recruitment, execution etc

Customer Experience

I have worked in a variety of service industries six different countries (New Zealand, Australia, Canada, Austria, USA, Sweden) for around ten years.

Education

2022 Aug - 2024 Jun

IT-högskolan UX-design

The education has provided me with tools from the UX world. I have also had the opportunity to work on relevant projects with real customers.

2018 Aug - 2021 Jun

Gothenburg University - Bachelor's degree in Global Studies

I specialized in sustainable development and completed a semester abroad at San Diego State University with a focus on sustainability.
